

Parks and Recreation Committee Minutes from

Meeting on 02/23/2017 at City Hall

Aldermen present: Sarah Steffen , Robert Roberts

Others present: Jack Hickok, Sandee Kessinger, Brandon Martin.

Meeting called to order at 9:30 AM

1: Discussion of progress made during the last year and even more specifically since a list of concerns from parents were reviewed by Staff and parents two weeks ago. Many of the items have been addressed and others are being evaluated. The main complaint has been communication from the Parks and Rec. Department to the Public. That has shown improvement and changes continue to be made. The City is currently upgrading and updating the Web site. This will be ongoing for several months.

2: Discussions of a Facebook page were held. The Staff and Sarah Steffen are working setting up a page and the criteria to use when using this site. The beliefs are that more people will see updates quicker on Facebook

3: Brandon was requested to work more with the school to resolve scheduling conflicts

4: Discussion about the leak in the Kiddie pool and the price of a splash park were had. The cost may be much higher to build a splash park for the small kids. We are waiting on an estimate.
